“ We love you and miss you dearly papa! I could hear you saying when I left the funeral home, “your going to blow that dam thing up revving your engine like that”. what I’ve give for you to tell me one more time “I’m so hungry I could eat a horse”. Although your not here physically papa we all know your here. I love you, love bubby/summer/and the kids.

“ Grandpa loved to sit and listen to his music! He’d sit and sing out loud for hours. I don’t know if he realized how much we actually listened to him sing He is truly loved and will be missed dearly! He definitely made a mark on all of our lives. I Love you papa

“ I miss him so much. I wish i could him you say just one more time how you don't like chicken. He would tell us we are going to turn in to one we eat it so much. . You was my Dad unconditionally. Any time i went to him with a problem or something i could not figure out he would tell me what he could to help even if i didn't like the answer or agree. He kept it real.
This picture that i added was the last time i went to the lake with him. He wanted to go so much so i took him but once we got there he was ready to go lol. It was hot and humid. But mom wanted to stay longer so she made him a baloney sandwich and gave him some Cheetos and he was better and he stuck it out. Lol. He sure made his mark on alot of people and will not be forgotten for many years to come. I love you Dad.
