“ Duke, you were certainly an influence in my life, from early years. You introduced me to my husband, Bradley Martin in 1978 when my car needed repairs and you assured me, Brad was the man for the job!! Then around 1980's, while working at Verson Allsteel Press with Rhonda Ryals. She & I became good friends, and along with that friendship, you & her soon become soulmates. I have so many memories of our crazy times together, that would take a book to write!! Just know, you will be forever loved!! RIP Duke Atwell!! From: Tammy Lowrimore Martin

“ *One of the biggest laughs with Duke was when we were heading out to dinner with family and he kept talking about buying all this All. I was so confused why he would need some much All laundry detergent. Finally I ask what are you washing with so much All. Laughter erupted as he was saying Oil.....Your gentle soul and good nature will be truly missed! ❤️👍💕💕*
