“ *When I moved to Mesquite, Betty was my upstairs neighbor. She was a wonderful friend to me. I spent many hours with her family and her. They made me feel welcome, and her friendship helped me adjust to living alone and moving to a new city.*

“ Betty was one of the best employees ever to work for the U.S. Department of Labor. She was an excellent example for everyone she came in contact with. She was deeply caring for those around her. She not only was my co-worker but a friend for all these years for Lois and I. She will be sadly missed.

I worked with Betty at the U.S. Department of Labor and we have been friends for over 50 years. There were 4 of us that were close friends and always kept in touch. For many years we always tried to have lunch together about every 3 months. Betty was a true friend and I will really miss her.
