“ Rick remembers him and his mom making cane poles and sneaking off to fish, all the nights of disco dancing, lots and lots of memories, sitting around telling stories, laughing at their own stories. Betty was a unique woman, loving mother mother in law and grang mother. She was beautiful, inside and out. she was veryprotective of her family , very strong willed , had a big heart, and never met a stranger who didn't love her as well. Betty passed on a lot of her traits to rick. She taught him how to survive, stand on his own feet ,and passed her fighting spirit on to him. she taught him how to love with whole heart, and helped shape him into the man I fell in love with. Rick I and chance and blake will always keep her close in our hearts, and will forever cherish our memories of her. we love you and miss you already, but we know you are with your loved ones who went on before you. We will meet again but not on this side of heaven. love, rick , Regina, chance, Blake Moore.
