“ *Carolina Gonzales was a fine lady who cared greatly for her family and I know they will miss her. I know Candido will suffer greatly from the loss as will her children. I hope the memories of life with this wonderful lady will eventually soften the pain from her loss as life goes forward.and all remember and honor her going forward.*

“ Carol...from the moment I met you,25 years Ago, you have had a special place in my heart..Iam so greatful to have known you....I have no doubt that you have truly earned your wings.I will not mourn your death only because I know you are rejoicing on the floors of heaven...you will be greatly missed by so many but your memory lives on in so many hearts and lives...may you continue to rest in paradise..
