

Clifford Earl Williamson

April 6, 1959 - July 24, 2024

Clifford Earl Williamson was born on April 6, 1959 in Houston, Texas and passed from this life on July 24, 2024 in Dallas, Texas.

He was preceded in death by his daughter, Lindsay Williamson; his parents, Aldon and Helen Williamson; and his grandmother, Helen Lewis.

Cliff is survived by his beloved wife of 28 years, Laurie; his sister, Nancy; his brother, Daniel; his nieces, Brittney, Audrey, Autumn, and Ali; and his nephews, Austin, Chase, Corey, and Nick.

Cliff: a husband, dad, brother, uncle, and friend.

He was a man of God and more importantly, a student of life. He enjoyed the simple things like watching the Cardinals and Barn Swallows dance across the sky as he masterfully grilled for his wife, Laurie. He enjoyed the brisk cool air of fall knowing that the TCU Horned Frogs would be back in action ready to defend the Carter. He enjoyed his 36 years at Halliburton guiding and mentoring the next generation. Most importantly, he enjoyed spending time with his loved ones and his precious dogs whether that be driving four hours to see his niece, Autumn, perform in her high school's marching band, touring both SMU and TCU with his niece Brittney, silently hoping she picks his Horned Frogs, or relaxing poolside with his family.

Cliff's call to Heaven will leave us empty, but those who knew him well will find solace in that he is cheering us on from the Heavens. Yet, when we need him most, he will appear as a Cardinal or Butterfly reminding us to soar high and free.

“Cliff we go back along time. We have worked together for many years and I have been blessed to have you as a brother in our work family. You was always the levelheaded one of the bunch. You are for sure missed. I was glad to be able to get you back on at Halliburton even though that meant you giving me a hard time about something. That will be missed for sure. even though we worked in different buildings here in Alvarado we still stayed in touch. Laurie you need anything you have a big Halliburton family behind you that will help out. You and the family are in our prayers. Cliff brother I'll see you on the other side!! Save me a seat at the table we will have some catching up to do for sure.

“Cliff always had a smile and positive way at halliburton. I'm gonna miss those times were he always had something to say to me either bad or good. Giving me a hard time always. But that was us. Fly high brother, I'm glad God gave me the privilege to see you one last time here at Halliburton.

“ My brother Clifford Earl Williamson passed away peacefully on June 24, 2024. He was an inspiration to everyone he met. He was my mentor, my protector, and my buddy. He had enormous charm and a great sense of humor. Younger us would get in trouble for clowning around at the dinner table, which later in life my mom said she really loved when we could feed off each other's jokes. Even on the days that I will miss you terribly, I know you're with our family up above which gives me some comfort. He loved his wife Laurie and his life they built together. I'll see you in my dreams and look for other signs that you are near. You will remain in my heart until we meet again. I love you ..

My Uncle Clifford was a great man with a kind soul. Almost always with a smile on his face. His chilled personality was infectious in so that he kept others and myself at ease at all times. Never in my life have I had a bad word to say or think about him. To put it simply, "He was good people." Our world is at a loss with him not in it but a gain to heaven for calling him home. Uncle Cliff, you haven't left, just moved on. We'll catch up with you one day. We're gonna miss you.

Chase A. - August 07, 2024 at 03:04 PM

LA

He sure was, Chase
