“ My sincere condolences to Mr. Born's family and friends. I was just surfing the web to see if Mr. Born might still be with us and was so saddened to see he passed on 12 years ago.

Mr. Born was my drafting teacher at DeSoto High School from 1976 through 1978. I adored this man! He was responsible for bringing out the talent in me to eventually work for some very high profile, prestigious architectural firms in Dallas. I would later use these skills in our family engineering business. Mr. Born was a very gentle man and so patient with his students. He was so intelligent and had so much to give to his students by way of sharing his vast knowledge of mechanical and architectural drafting. I will always cherish my times in his daily, 3-hour classes where time seem to always fly so quickly. I wish so much that I could have told him what his mentoring meant to me as an adult in the business world. GOD REST YOUR SOUL, MR. BORN!! I will always remember you!

“ So sorry to hear this news. I was just thinking about Mr. Born and was looking him up to see if he was still with us.... Comer was my Drafting teacher in my Sr. Year of high School in DeSoto. TX. '1974/75 I always enjoyed and got along with him as he was a good teacher and true Professional. Him and I together created a great Display for showcasing our drafting department at some internal school trade day event, I worked while in High School and Comer would come by the shop where I worked often and loved it. Our combined event success had a slight inside edge, It helped that I was in the tradeshow industry, designing and producing tradeshow displays as my trade and Comer knew where to get the job done :-)

We smoked the competition.

God Bless and RIP Sir.
