“ *Jan and family,
Our prayers and thoughts are with you at this difficult time. As we think of David, I remember the times we spent talking about our birds at our bird club. One memory I will never forget is the time we went to rescue some birds, and David was climbing all around on his truck to secure the cages we had loaded. He was very agile at that time, and I was amazed. It was a blustery day, and we were praying we would make it back to your house with our precious cargo. (which we did)!
Deepest sympathy,
Joyce & John Derewitz*

“ We will miss you David. You still have one job not complete and that is watching over Jan when she is on lawn mower duties I know for a fact that you caused the lawn mower to need repairs, but she took it one step further. Remember the sound of glass shattering yeah that was the front glass on the "Lawson" door of your home that was now needing replacement, it was pass repairs. (And she said it was a rock) Lol
