“ Sister,

Never in a million years did I ever imagine writing your Obituary, much less laying you to rest before me. This shouldn't have happened like this.

The only thing that brings me comfort and some sense of peace, is that you are no longer in pain and suffering. Momma and daddy finally have you back with them.

Just know that you left us many memories of happy fun times. The girls and I will have a lifetime of that. I love you you and miss you very much!!!

Save me a spot sister!!

I love you always

your little brother

Your ride or die...I'll take care of Sugar..❤️👼 your little sister "C"*

“ I met Ester thru Vic Roane who was also one of my best friends. The care and companionship Ester provided to Vic during her long fight with Lupus will never be forgotten. I am sure if Vic was alive today, she would have done the same for Ester. There was also no doubt that Ester deeply loved her family. I send my sincere condolences to the Mejia family. I knew Ester through her friendship with Vickie Roane. Ester was a very caring and loving friend to Vic and really everyone around her. We had many fun times together. I saw Ester a few months ago and I could tell she was suffering. But she was still the sweet and loving girl I met years ago. My condolences to her family who she loved so much ❤️.
