“ *Janine had an infectious laugh and the best facial expressions. She could make me laugh at the drop of a dime. I'm glad I got to spend the last couple of months with her watching TV and laughing. I just gave her a rapper name of J-9 bc of her name soelling. She said I was crazy. I did get to give her her last haircut...and she rolled her eyes at me when I showed her. I will never forget my J-9. She will be missed so much by our apartment community. We were like family. Fly high my friend until I see you again. Love you.*
