“ My first thought of JD when I had heard he was now present with the Lord.... I remembered him singing Hallelujah Square.... I can see him walking down the streets of gold with NO LIMP..... JD will always be remembered....

“ What a special man JD was. He was my music teacher/leader, youth director, mentor, family friend, boss, and married me to my husband Tom Turner who called him friend but passed away, and my husband Steve of the last 29years. God has a beautiful voice to blend with Reggie in heaven today. Love to all of you who hurt.
