“ *Annette, we are so sorry for your loss. You and Jerry were such a FUN couple. I remember the first time I met you at our stock the bar party in Midlothian and y'all brought moonshine. We never tried it before, and won't again! Lol*
We rang in a New Year at the Continental Hotel one year, and had lots of fun dancing with you. Jerry was a great employee when he worked for me a Baylor, and all his patients loved him. He will be missed.

“ Condolences to all of Jerry's family and friends. He will be sorely missed at Touchstone Red Oak. Jerry was a wonderful caregiver to all of his patients and our "regulars" will miss him for sure. Jerry loved to tell stories of his work experiences and family. I challenge everyone mourning him to remember your own stories shared with Jerry and tell those in his honor. Annette and kids, Jerry loved you all fiercely and it showed every time he spoke of you.

“ Jerry, I'm so shocked by this news. I remember the shooting in Las Vegas, although horrible, my immediate thoughts were of you and your loves' safety. I couldn't wait to walk into work on Monday to see if you were okay. I'm going to miss our Monday nights together. You were always there to listen. You are so knowledgeable and talented. Although I never met your family, I feel I know them through your stories and the love you had for them. When I decided to go back to school, you were so concerned and wanted to know all the details ensuring my plans were well laid. You always looked forward to my latest home improvement project, and no, I still don't have baseboards lol. My prayers go out to your family, rest well friend, you can finally retire.

“ *Sending our condolences to you Annette and family! Jerry was such a fun loving, friendly man and we will always remember how Jerry and Annette invited us over to their home with Jerry's brother Jeff while we lived in Texas. You both made us feel so welcome and it was such an enjoyable afternoon lounging by your pool talking about family and life. I can't imagine how you are feeling right now Annette losing your best friend and love of your life - Our prayers are with you and sending our love. Cindy & Jim Tessman*

“ My condolences to the Mizener family. Thank you Annette for sharing your husband with us at work. I hadn't seen him in six months since I had my baby girl but he was such an amazing friend. He always made me laugh and I don't remember him being negative at all. He never spoke ill of anyone ...unless they deserved it lol. I will miss the mornings he was there before me, making me feel like he was a big brother. He would come to our work area and say something funny then walk back to his desk. I'd bug him and the gang as well. He helped me prank Brian, our coworker with funny ideas. He offered fatherly advice and shared wonderful stories of his loving wife and his kids. He was a one of a kind genuine guy. The world won't be the same without him. I know he's in a better place... he said so when my dad passed away. Nothing I could say could take away the hurt and pain but know that he left an amazing legacy. Miss you my dear sweet friend. You will be truly missed... 🥹🙏

“ Jerry was my brother and will miss him so. Was the kind of man that was driven. Wanted to retire in about a year too. He died doing what he loved, vacations were a must for him and Annette. He was a all inclusive type. He sure didn't let the grass grow under his feet for sure. He also had a great sense of humor. And if asked what he thought on any subject he would tell you too. Missing you brother.
RIP

“ Just found out today and, needless to say, work just hasn't been the same and won't be the same. I miss your outrageous stories already and how you always tried to get me to do more things by calling me the Assistant Manager, even though I'm not. I was just that in your eyes. I'll never forget when I was your Secret Santa, and I was so excited that you never guessed it was me. I got you those fake winning lotto tickets and a drink to celebrate your wins or loses. Out of all the things you could have done when thinking you won 10 thousand dollars, you were going to give it back to my husband and I... that is until you realized it was fake and punched me in the arm. Haha. I might have only got two spend the last 2 years with you at work, but I hope you know that I appreciated our friendship and that you will be missed!

“ Jerry always exemplified taking the difficult times in life at full stride. It started off with teaching his kids to run up a hill rather than walk. He showed us that life was more important than work when he took us on a family trip days after losing his job.

“ Jerry was very protective of his family. One time he joined a children's martial arts class just so he could have a one on one "chat" with the only other adult taking the class.
