

Joshua R. Lewis Jr.

May 6, 1935 - February 2, 2018

Joshua R Lewis, Jr. of Lancaster, Texas was born May 6, 1935 in El Paso, Texas to Violet Branch Owen and Joshua R Lewis Sr. He passed from this life on February 2, 2018.

He is survived by his wife of 58 years, Floy Free Lewis; daughters Phyllis Diane Reeves, and Kara Lewis Hamilton and husband Wayne; grandchildren Ryan, Rachel, Michael and Matthew Reeves; sister Mary Lewis Myrick and husband Danny and nieces and nephews and their families.

Josh started his barber career in November 1960, and retired and closed his barber shop on Elm Street in Lancaster in August 2017. As a barber, he was known for his excellent flat tops, and found his profession to be a natural format to dialogue with his customers about the love of God.

Our husband, Daddy and Papaw enjoyed playing and watching baseball and golf, loved the desert West and all things western, and was an avid gardener. He accepted with confidence eternal life in Christ, and loved his family to the end.

He often told us that when Jesus called him home, "just take me down to Byrum's, put me in a box and keep a rollin." We honor him today by simply celebrating his life and fellowshiping together.

“ When I first moved permanently to Lancaster in 1991, Mr. Lewis was my barber. His shop was very close to our home on Waynelee Drive. The conversation was always interesting and his haircuts were excellent. My sympathy to the family!

“ *God has chosen well!
Often times we are consoled in our hour of grief by a brief word from a poem. It describes God surveying his garden of fateful warriors (flowers) and picking out the ones he desires to make a perfect bouquet. Wheather they are just buds (young) or are in full bloom, it takes them all to make the perfect bouquet to be placed on the Master's table.
Rest well my friend, I will always cherish the Biblical discussions we had.*

“ *Josh and I became friends when I opened my business at the square in Lancaster more than thirty years ago. He and I shared a passion for the Old West and had many conversations and memories of all things western with a particular admiration for the old cowboy movie and serial stars. He loved the outdoors and spoke several times about moving to the country and being near his family on their ranch. So sorry he never made it. Maybe now he is with some of those old wranglers we used to discuss. I hope so as he will be a perfect fit. I'll miss him so much and remember him throughout the rest of my life as the good and honest person that he was. We send our prayers and love to his family at this time.....Phil Gizzi*
