“ *He was like a brother to me, sure we butted heads but it was all in fun. He visited me so I returned the favor and visited him.*

“ It was in August that Larry gave me the right contact to become his neighbors for these past 19 years. There have been a lot of fun times (some he loves to pick on me), sad, and ups and downs. Larry was always there with a helping hand. He would talk to Jalmie and Cody (baby girl and Cody Wayne-as Larry called them) and give them advice. Larry was there to watch them grow up and see grand kids growing you could say we inherit and shared each other's family... Including his mom Sue, Connie Sue, Josh, and DeAnna and his many other family members. Larry was my Tx brother.. Larry left this world way to soon... and it already does not feel right without him being here. But he's in a better place where there's no pain..... and am sure he's gonna be doing a lot of fishing and playing in the water. Love You Larry ???

“ My earliest memory of Larry, even though he was six years younger than me, was that he would always save me a seat on the school bus every morning. Later, I remember how much Paul and I loved taking Ryan and Matt to the Easter egg hunt over at Aunt Sue and Uncle Con's house because Larry was always so eager to take charge and make sure all the kids had a fantastic time! Then at the lake, Larry always loved making sure everybody went out on the barge and had a good time. Larry was one of a kind! I'm so glad I got to see him a couple of weeks ago. He'll be missed very much but he left some great memories for us to hold on to.
