“ *Latrell and i worked at Dresser at the same time, i had to turn in the time cards each morning so i saw her every day at the window and we became friends, enough we talked on the phone after work and i even helped her move when she needed some help.*

*well one day i was talking to her and the guy was just being hired to work and he was standing there at the window also and he was Latrell something about the insurance we carried and Latrell being herself said to him, what the hell do you want to know about the insurance for you havent even been hired yet. and i like to have fell out and busted out with laughter.....but that was her being her.....i will always have very fond memories of LT as long as i live on.....hope to see her again i know she is having a good time where ever she is....*

*GOD BLESS you Latrell###imported-begin##Ronny Wilson###imported-end##*

“ *My thoughts and prayers are with you and your family. I always will remember her for the delicious chicken fried steak she made. I make it for my kids now and they just love it. May the good memories you have stay in your hearts forever.##imported-begin##susan allen richardson##imported-end##*

“ *Regret very much in hearing of this loss, to you and me. Although we very rarely saw each other... initially mainly at Powell family reunions of the early '50s.....we did share distant blood and that was always enough for a caring relationship for me. She will always be remembered by me as a very pleasant young lady, with a big helping of wit and humor as inherited from her father ,Mr. Mutt. with the greatest of respects to all.
