“ The TGS Dallas Gourd Patch was formed and had the first meeting at the home of LaVerne Watkins on 5/17/1997. She was a lovely gracious lady. Regret that I have not seen her in several years.##imported-begin##Gerry Flewharty##imported-end##

“ When I was little, Grandma would take me fishing for Brim. She always had bait which was usally worms. There were two types of worms she would use, that being grub worms and earthworms. I hated handling the worms so she would bait my hook. I'd cast the line into the water. She would get her fishing hook baited and get ready to cast. Well, I would be reeling my line in with a fish attached and Grandma would have to put down her fishing pole inorder to take my fish off my hook. Well, she get the fish off the line re-bait my hook and I would cast the line again. She'd prepare to cast her fishing line and I would have another fish caught. So, she take the fish hook and rebait the line. I'd cast out my line. This would go on and on with me catching and Grandma remove my fish and re-baiting my hook. It seemed I always caught more fish than she did. She never complained.##imported-begin##Lisa Watkins-Efurd##imported-end##
