“ We would have been married 40 years next month. Dwane was my best friend and anytime I was down he picked me up. He helped me care for my mom last 7 years of her life and never complained once. He did everything she wanted and needed with a smile when we married we had 4 kids all one year apart and he made all the kids special and would complain if the word STEP was used. He always said our family was having 3 girls and 1 boy. Dwane was a great role model for our son as well as our 3 girls. I wished I had 5 more minutes to remind him how much I loved him and I will be with him again soon. Dwane I love you and my heart hurts deeply for you
