“ Jennifer and children, I am so sorry for the loss of your mother, my prayers are with all of you. I only meet your mother a few times over the years but she was a delightful person to be around. I know everyone will miss her.
Sincerely,
Claudie and Sue Chiles##imported-begin##Sue Chiles##imported-end##

“ Dear Ortiz Family,

Lois was a guardian angel to me as a child! I practically lived with the Ortiz Family! I did not have the best childhood, but the Ortiz house was a safe, loving, kind, unconditional place to be....and not to mention full of fun! I remember many good laughs with the whole family, Lois trying to teach me Spanish, her laughing at my pitiful jokes, and her fabulous cooking (out of this world tortillas and potatoes). I know she made it to heaven, but will be so badly missed! Much love and care to Jenny, Dino, and Chris.##imported-begin##JoAnn Murphy Baer##imported-end##

“ *I have known the Ortiz family for over thirty years now. Jen and I have been inseparable since third grade. I can't ever remember a time when Lois or Dino didn't treat me like one of their own children; which meant I scolded when I did bad and at the same time praised when I did good. I will truly miss hearing Lois's voice when I come in the house "Mi hija" she would say to me. Her spirit and laughter will be sorely missed. Love and prayers to the entire family.##imported-begin##TRACY WILLIAMS##imported-end##*

“ Thank you, Lois and the Ortiz family, for your unconditional love for me! I was a crazy, heavy metal loving, tons of make up wearing, rebellious 14 year old when Jennie first brought me home to meet you, and you never blinked an eye. You loved me like one of your own and you will always hold a special place in my heart! I will never be able to see or hear Elvis without thinking of you and I know I will never eat a flour tortilla that can come close to yours. I will never forget you and will love you always!! My prayers go out to the Ortiz family during this tragic time.##imported-begin##Lisa Chilcoat Smith##imported-end##
