“ *WOW...we have many memories with Onie & Ray Ann but the one special event happened 52 years ago in October when you two went with us to Durant OK and witnessed James and I as we said our vows to each other. No matter what the event...we spent most of our time laughing (Onie's smile alone makes you laugh)! No doubt he will be missed by so many....what a great legacy to leave here on earth!!*

“ I'm not sure if anyone could have a better uncle/ nephew relationship than Onie and I did. In some ways, I felt I was his fifth son. Growing up without a Father, I have always felt Onie was as close to a Father one could be without actually being a Father. It's been maybe 10 years ago, I attended a surprise birthday party in Onie's honor. I told Onie that day, that I had never seen such love shared by all family members as his. I told him anyone would be lucky to feel the love he has for his family and his family for him.. Onie told me, he has always thought and loved me as a son. He told me, I should always feel I could come to him as a son would. I only wish I had conveyed to him how honored I felt for him to tell me this. I know Onie and Cindy has always had a special relationship between them, always friendly digs at each other, but always in a loving way. Before Onie became sick to get out much, he would visit me at the barbershop. Whether it be to get a haircut or just dropping by to shoot the breeze, I always looked forward to his visits. Ricky, Danny, Steve and David, it goes without saying your Dad was a very special man, and not everyone had the honor, today, I do feel that honor. Gonna miss him very much, but I know I will one day see him and say "Hello O", and he will say "Well hello F".
