“ patsy and I have been friends for 30 Years. She welcomed me to the world of CTE education as a fellow Cosmetology Instructor. She was a mentor yo many new Cosmetology Instructors over the years. After she retired from teaching she continued to be involved with Career and Technical Education by volunteering at the TIVA Conferences in the membership booth. Her TIVA family will miss her presence in that membership booth. We are praying for her family and friends.

I knew Patsy for many years working in TIVA for the betterment of Texas Vocational Teachers. Much of the success of the organization is due in a large way to her tireless efforts. She worked for many years even after retiring from teaching. She was always so much fun. I have so many happy memories of the fun we had after the meetings. She was an excellent teacher and exceptional woman.

“ My heart goes out to Mrs. Brundage's children and family. She was my Cosmetology teacher from 1986-1988. She shared so much of herself in her classroom. She taught us about more than just cosmetology, she taught us about life! She had such wonderful expressions and figures of speech! Like "you can't make a silk purse out of a sow's ear". There are so many and I still use them to this day. She would make us laugh daily! I don't know what else to say except that she was a pistol! Oh how I have missed her over the years!!

Please accept my sincere sympathy and know that I am praying for all of you as you process your grief. May God hold you in His hands and support you all. Hold onto the good times, remember all the laughs you shared and know that she left a legacy with everyone she came into contact with.

God bless you,

Vicki (Lewis) Berg
