“ I know it's been a while, but I think of her a lot....in Lancaster we had the best of times & the worst of times, I wish she was still here for me to tell all my troubles to & be understood. I will always love you

“ Just want to express to the boys, your mother and I had some good times back in the day and want you to know you have so much family that love you two. Hoping the pain leaves suddenly and happy times flood your thoughts. Love, Bell and Pop.

“ Sandra had a way about her that made people feel special. She could always make me laugh and she had such a radiant smile. She will be missed by many. I pray that her family will find comfort knowing that she was loved by many and so are they.

“ Some of my favorite times were spent with Sandra. We use to have a lot of good times together. She would always cook and it was always good! She taught me the first things I ever knew how to cook. We use to always talk and laugh and play games. We played a lot of ping pong together, and she use to get so agitated with me dancing around with my music while we played. But we always laughed about it. Had a lot of wonderful, fun times together. My parents loved her so very much too. The first time I met her was in Mexia at her apartment. She made us a cherry pie, and none have ever tasted so good. So as time went on, she would always make them for me. I was just about 11 then. My mom recalls working with her at the cotton mill. And as every parent knows, they want their kids to be successful, wonderful people, loving spouses, and great parents, and she definitely got that. Her two sons, my cousins, are all that and more. Terry and Jerry, we love you, and pray God helps give you comfort and peace with the hard times you are dealing with through this. Everyone knows how dedicated you two guys are to your parents and families. You boys would make any parent proud! God bless you both. Love , Sis

“ Some of my oldest memories have Sandra in them. She always made me feel welcome when I stayed over many nights as a kid. In high school she gave me my all time favorite pets. Another great memory of mine is all the great food Sandra made don't think she could make a bad meal. I could always sit and talk to Sandra as a kid teen or adult which I regret not doing like she deserved. She was a special person that I loved.
