“ I met Savannah in school. She was a great class mate and once talking to her I learned she was a great young lady as well! I admired and respected her because she accepted me for my weirdness lol and that's what true friends do. Thank you Savannah for the times we shared.

My continuous prayers are towards her family.

“ Savannah and I were friends since elementary. I regret missing her being put to rest. She never once let anyone bring her down or tell her she was anything less than her worth. Truly a sweet and crazy personality. She will be missed ❤️

“ *Where do I start. When I first met Savannah she was so shy and quiet and then when you got to really know her she was so so sweet and fun to be around. You would always laugh and have a good time when you were with her. We have had so many fun times together some of which could have ended better haha but all the same I wouldn't change any of them I will cherish each and every memory always. I still can't truly believe you are gone but I do know you will never be forgotten. Love you forever Banna.*
