“ Thinking about you dad. You have two beautiful grand babies now, Wyatt and Noah I know you are with us spiritually not a single day goes by when I don't think about you. Get to marry my best friend. Crazy thing is we all grew up together you would've absolutely loved her as she keeps me in line. In which you know I needed. Some days are harder than others but I hope you protect me my family you are loved so much.

“ Thinking about you tonight, lord knows I need you more now than ever. I'm getting married to the most beautiful woman you've ever laid eyes on next month. Please be with me on that day. I know I'll shake more than the first time we killed a deer together.. you talked to me in a dream the other night for the first time in 11 years. Visit more. I miss ya dad. "If ya got em smoke em" for you tonight.

“ *Steven, you have left a void in so many of our lives, I continue to pray for your family especially your children and grandson. I know you are in the arms of the angels. It is very surreal knowing you are no longer with us here on earth, alas I am comforted knowing we have another Angel watching over us. I love you and we will see each other again in the future.*

“ Lot's of good talks we have had through the years, some serious and some random.....but the one that I will cherish the most was when we decided that there are no bag-limits in Heaven! I will miss our late-night Song Pop competitions, all the times you cringed because you "got beat by a girl!" (Your words, not mine). I'm not big on goodbyes, so how about you save me a pole and a good seat? You will be missed, my friend.
